

CLAIMS

WHAT IS CLAIMED IS:

1. A pliers having a pair of jaws, each of which having an outside surface, and wherein at least one of said outside surfaces comprises a file.

5 2. The pliers of Claim 1 wherein said file is a separate member that is releasably coupled to said at least one of said outside surfaces.

3. The pliers of Claim 2 wherein said at least one outside surface comprises an aperture at one end for receiving a releasable coupling means to releasably fasten one end of said file to said at least one of said outside surfaces.

10 4. The pliers of Claim 3 wherein said file comprises another having a groove therein, said groove receiving a tongue positioned at another end of said at least one surface.

5. The pliers of Claim 1 wherein said file forms a portion of said at least one outside surface.
